## Diocesan Custodial / Non-Custodial Liability Information

Blessed Sacrament School sets as one of its major goals the effective communication among the school, the home and the student. Only when all parties are actively engaged in the educational process can we maximize the benefit to the student entrusted to our care. There are, however, rules and laws that we must observe in carrying out this intercommunication. Of particular concern is the situation of the student whose parents are divorced and for whom custody has been granted to one parent.

The federal Family Rights and Privacy Act (Buckley Amendment) provides that “An educational agency or institution shall give full rights under the Act to either parent, unless the agency or institution has been provided with evidence that there is a court order, State statute, or legally binding document relating to such matters as divorce, separation, or custody that specifically revokes these rights”. In Kentucky the education of the child upon divorce of the parents has been addressed by the state in a way that impacts on the above federal legislation. KRS 403.330(1) provides that “Except as otherwise agreed by the parties in writing at the time of the divorce decree, the custodian may determine the child’s upbringing, including his education, health care, and religious training, unless the court, after hearing, finds, upon motion by the noncustodial parent, that in the absence of a specific limitation of the custodian’s authority, the child’s physical health would be endangered or his emotional development significantly impaired”

Thus, our responsibility for the student and the confidentiality of information about student progress at Blessed Sacrament School and the noncustodial parent’s rights regarding the child’s education are subject to the provisions of state law. Kentucky law stipulates that the custodial parent has the right to “determine the child’s upbringing, including his education...” **Therefore, Blessed Sacrament School will not grant the noncustodial parent, or his/her agent, access to the student while at school, will not release the student to anyone other than the custodial parent, except as directed by the custodial parent, and will not permit the noncustodial parent to inspect student records, receive progress reports or participate in teacher conference unless one or more of the following intervene:**

1. The divorce decree specifically authorizes such release and/or participation to the noncustodial parent:
2. Specific, written permission is granted by the custodial parent and is on file in the school:
3. A court order is issued granting permission to release the student, or information about the student, to the noncustodial parent.

We realize that divorce and separation from participation in the life of one’s children can be traumatic and emotional. However, Blessed Sacrament School will not be put in the middle of disagreements between divorced parents. It is the parents’ responsibility to come to terms on the education of the child and to decide who will be active participants and to what extent. We ask only that the school be given written instructions by the custodial parent on how we are to proceed with respect to requests from the noncustodial parent. Please do not ask the principal or teachers to take sides, to arbitrate familial disagreements or to circumvent the stated instructions of the custodial parent. We will do all in our power to keep lines of effective communication open according to the terms of the documents we have on file.

## Photo Release

Blessed Sacrament School is very aware of the need to protect our children. Children will never be identified by both name and image. Please select an option below and sign/date this page at the bottom.

Yes, as the guardian of the child listed below I do hereby give and grant to Blessed Sacrament School permission to use my child's photograph, student work, or videotaped image in publication, video productions, on the school website, or on social media. I do further certify that I am of full legal capacity to execute the foregoing authorization and release.

No, I do not authorize Blessed Sacrament School to use my child's photograph, student work, or videotaped image in publication, video productions, on the school website, or on social media.

## Immunization Record

In order for your child to enroll in school, you will need to provide us with some health information about your child. Samples of the required health forms you will need are attached to this letter and can be obtained from your physician.

1. Immunization Certificate – Prior to the first day of school, your child should be thoroughly examined by his/her doctor. All school children are also required by state law to provide a current Kentucky Immunization Certificate to the school as proof that they are adequately immunized. Have your doctor obtain and complete a Kentucky Certificate and return it to school. Your doctor will place an expiration date on the Certificate. When the Certificate is due to expire, you will be notified. A new Certificate must then be obtained and provided to the school.

2. Hepatitis B Vaccine & MMR Vaccine – It is now required by the Kentucky Health Department for children entering kindergarten to have three doses of the Hepatitis B vaccine and two doses of the MMR vaccine.

3. For out of state physicians – Please tell your physician to call the Kentucky Health Department for a blank certificate that will be mailed to your physician. The health department will not give out blank certificates to parents.

All health forms are due to the school office by **May 1**.

Thank you.
