Dear Parents,

We have worked hard to create meaningful summer assignments for both math and English. We will continue to have summer reading options and assignments as we want to do all we can to encourage a life-long love of reading in our students. Summer offers us more relaxed time to indulge in long and challenging books. They can read them by the pool, the soccer field, the tree house, the lakeside, or their room. We are using IXL as it is a program we purchase for the whole year which differentiates for each student based on their ability. Basically, IXL is tailored to your student to make the most of the work they do over the summer. It also enables our teachers to easily monitor their work.

We know summer is also a special time to focus on families, so the amount of work assigned is reasonable. We want them to possibly give up playing one more video game each week, but we don't want them to give up any family activities.

Blessings,

Mrs. Briggs  
Principal, Blessed Sacrament School
